Gizmo Post-Implementation Teacher Survey

Your district has been piloting an ed tech tool. As part of the evaluation of the product being piloted, Digital Promise is distributing surveys to participating teachers. This survey asks questions about your experience with the ed tech tool you have been piloting.

Other than anonymous demographic information, no sensitive items are included in this study and therefore pose no risk. Any potentially identifying information will be removed to assure that the data are completely anonymous. Upon publication of this evaluation, the anonymous data may be made available through a research data repository.
